

To the Management and Staff of Mantells, Mt Eden:

I felt compelled to write to express my gratitude to you all for the most wonderful wedding day my daughter, son in law, family and friends experienced last Saturday. There was not one aspect of this occasion that we could fault, right down to the smallest detail.

The food was outstanding (by far the best I have ever experienced at a function) and was plentiful and frequently offered to guests during the course of the evening. My daughter and son in law opted for tapas to be served as they had the maximum amount of guests which may have been difficult to seat everyone. It turned out to be a fantastic option and one which I would enthusiastically recommend to anyone. Guests who wanted to be seated had plenty of options, but it allowed everyone to mix and mingle as they pleased.

The venue – what can I say! It is exquisite. I have been to a couple of weddings at Mantells in the past and each time it has impressed me as well as all the other guests I talked to. I believe as a venue with character and charm, it is second to none.

Finally, the team at Mantells were the most courteous, efficient and friendly people we could have wished for. It is so nice to attend a function where everyone is so helpful and obliging. The only complaint I received was that as soon as one emptied their glass, a staff member was there to refill immediately! Who can fault that? They were also extremely diligent in providing water frequently to those who wanted it.

I would happily recommend Mantells to anyone looking for a venue that puts out 110% and can't wait to attend another wedding at your gorgeous establishment in the future.

Warmest regards,
